

WICCI
WESTERN ISLES CANCER CARE INITIATIVE

The Western Isles Cancer Care Initiative (WICCI) is a registered local charity. Working with **Macmillan Cancer Support** we aim to provide support for cancer patients throughout the Western Isles.

If you have a current cancer diagnosis or are going through treatment you can apply for up to £500 to help with living or travel expenses.

Get in touch to receive an Application Form which will ask for specific information on your current situation, you will also be asked to provide information about your current care or treatment.

All information is treated in the strictest confidence, and assessments of funding are presented to the WICCI Trustees anonymously.
